

PRE-PROFESSIONAL STUDIES AT CMU

Preparing for a Career in **FAMILY SOCIAL SCIENCES**

A year of study at Canadian Mennonite University (CMU) could prepare you to meet the entrance requirements for a baccalaureate program in Family Social Sciences. **This page explains what you must complete if you wish to continue studies at the University of Manitoba to earn a Bachelor of Human Ecology–Family Social Sciences.** If you intend to pursue studies at some other university, similar possibilities exist. It is important, however, that you inquire about admission and program requirements at the university you are considering and that you work with the Coordinator of Student Advising at CMU to construct a program of studies at CMU that will achieve your objectives.

If you intend to earn a Bachelor of Human Ecology–Family Social Sciences, you can begin with a year of studies at CMU and complete the program at the University of Manitoba *without adding to the time it would take if you were to go directly into the University of Manitoba.*

To become eligible for admission to the Bachelor of Human Ecology–Family Social Sciences at the University of Manitoba, you must complete a minimum of 24 credit hours with a minimum GPA of 2.0. However, admission may be competitive, so you may need higher grades.

It could be advantageous to commute to the University of Manitoba for some introductory courses during the time of pre-professional study at CMU.*

The following chart provides a sample registration for a qualifying year. There are other possible ways of registering. CMU’s Coordinator of Student Advising will be available to advise you when you register.

Example of a qualifying year for admission to the **Bachelor of Human Ecology – Family Social Sciences**
