

PRE-PROFESSIONAL STUDIES AT CMU

Preparing for a Career in HEALTH SCIENCES

A year of study at Canadian Mennonite University (CMU) could prepare you to meet the entrance requirements for a baccalaureate program in Health Sciences. **This page explains what you must complete if you wish to continue studies at the University of Manitoba to earn a Bachelor of Health Sciences.** If you intend to pursue studies at some other university, similar possibilities exist. It is important, however, that you inquire about admission and program requirements at the university you are considering and that you work with the Coordinator of Student Advising at CMU to construct a program of studies at CMU that will achieve your objectives.

If you intend to earn a Bachelor of Health Sciences at the University of Manitoba, you can begin with one year of studies at CMU and complete the degree program at the University of Manitoba *without adding to the time it would take if you were to go directly into the University of Manitoba.*

To become eligible for admission to the Bachelor of Health Sciences at the University of Manitoba, you must complete a minimum of 24 credit hours with a minimum GPA of 2.0. However, admission may be competitive, so you may need higher grades.

The following chart provides a sample registration for a qualifying year. There are other possible ways of registering. CMU's Coordinator of Student Advising will be available to advise you when you register.

Example of a qualifying year for admission to the Bachelor Health Sciences

<u>First Semester</u>	<u>Second Semester</u>
One of the following: BTS-1110 Biblical Literature & Themes OR BTS-1120 Encountering the Bible OR BTS-1130 Introducing Jesus: An Overview of the Christian Bible	One of the following: BTS-2000 Intro to Christianity OR BTS-2420 Exploring Christian Spirituality OR BTS-2550 History of Christianity OR BTS-2720 Theologies of the Global South OR BTS-2750 Intro to Christian Ethics
