

PRE-PROFESSIONAL STUDIES AT CMU

Preparing for a Career in PHYSICAL THERAPY

A degree from Canadian Mennonite University (CMU) could prepare you to meet the entrance requirements for studies in Physical Therapy. **This page explains what you must complete if you wish to gain admission at the University of Manitoba to earn the Master of Physical Therapy.** If you intend to continue studies at some other university, similar possibilities exist. It is important, however, that you inquire about admission and program requirements at the university you are considering and that you work with the Coordinator of Student Advising at CMU to construct a program of studies at CMU that will achieve your objectives.

Students must achieve a grade point average of 3.25 or more in the last 60 credit hours of undergraduate studies to become eligible for admission to the Physical Therapy program. Please note that admission is on a competitive basis, and normally students must earn a higher average to compete successfully.

To become eligible for admission to the Master of Physical Therapy program at the University of Manitoba, *you must earn a baccalaureate degree* (i.e., at CMU this is a B.A. or B.Mus. or B.M.T.). This degree must include one session (two semesters) with at least 24 credit hours (i.e., fall/winter), the following courses with a minimum grade of 'B' in each, and a minimum GPA of 3.25 in the last 60 credit hours of study:

- BIOL-1360 Anatomy of the Human Body
- BIOL-1370 Physiology of the Human Body
- BIOL-1310 Cells and Energy
- PSYC-1010 & 1020 Introduction to Psychology I and II
- PSYC-2200 Developmental Psychology – Childhood
- Developmental Psychology - Aging
- ENGL-1010 & 1020 English Literature I and II
- MATH-1000 Basic Statistical Analysis
- At least one course with a "W" designation
