

RESTORATIVE JUSTICE DISCIPLINE – SUMMER INTENSIVE COURSE

August 21-24, 2018

Undergraduate Course Number: PCTS-3950 - 1

Graduate Course Number: PCD-5190 - 1

(3.0 credit hours)

This course provides students with theory, skills and strategies of Restorative Justice and its implementation in the classroom, schools, and districts. Includes theory, skill development, strategies, and practice. Includes understanding the power of systems and the need for system transformation from punitive to restorative discipline. Includes strategies and materials for training students to participate fully in the restorative justice discipline program. Emphasis will be on constructing a discipline system that is more effective and less stressful for teachers, administrators, and all students and their parents. It is ideal for teachers, counselors, and administrators within an educational context.

Prerequisites: 60 credit hours of university-level studies or permission of the instructor.
