

PRE-PROFESSIONAL STUDIES AT CMU

Preparing for a Career in PHARMACY

The completion of one full year (30 credit hours) at Canadian Mennonite University (CMU) could prepare you to meet the entrance requirements for studies in Pharmacy. **This page explains what you must do if you wish to continue studies at the University of Manitoba in the Faculty of Health Sciences.** If you intend to continue studies at some other university, similar possibilities exist. It is important, however, that you inquire about admission and program requirements at the university you are considering. Work with the Coordinator of Student Advising at CMU to construct a program of studies at CMU that will help you to achieve your objectives.

If you intend to complete a Bachelor of Science in Pharmacy at the University of Manitoba, it is possible for you to complete one year of study at CMU *without adding to the time it would take if you were to go directly to the University of Manitoba.*

To become eligible for admission to the Bachelor of Science in Pharmacy at the University of Manitoba, you must successfully complete 30 credit hours of university-level studies, including one regular Fall/Winter session consisting of a minimum of 24 credit hours. The following courses are required for admission:

- Introductory Chemistry (6 credit hours)
- Introductory Biology with labs (6 credit hours)
- Introduction to Calculus (3 credit hours)
- Arts electives (6 credit hours, including a course to meet the W requirement)

Note: Admission to Pharmacy is highly competitive. Though the faculty sets a minimum GPA for admission, to compete successfully students may need a GPA of 3.7 or higher.

Additional admission requirement: Written critical skills essay, a Criminal Record check, Child Abuse Registry check, and Adult Abuse Registry check.

Example of a year of pre-Pharmacy taken at CMU:

<u>First Semester</u>	<u>Second Semester</u>
BTS-1110 Introduction to Biblical Literature & Themes	BTS-2000 Introduction to Christianity or BTS-2550 History of Christianity
BIOL-1310 Cell and Energy	BIOL-1320 Diversity of Life
CHEM-1010 Structure and Modeling in Chemistry	CHEM-1020 Physical Chemistry
MATH-1020 Introduction to Calculus	ACWR-1010 Writing for Academic Purposes
Elective	Elective

High School prerequisites: Biology 40S (minimum 50%), Chemistry 40S (minimum 50%); Math 40S (pre-calculus – minimum 60%)
