### PRE-PROFESSIONAL PROGRAMS AT CMU

#### PREPARING FOR A CAREER IN LAW

Two years of study (60 credit hours) at Canadian Mennonite University (CMU) could prepare you to meet the entrance requirements for a baccalaureate program in law. This page explains what you must complete if you wish to continue studies at the University of Manitoba for the Bachelor of Laws. If you intend to pursue studies at some other university, similar possibilities exist. However, it is important that you inquire about admission and program requirements at the university you are considering and that you work with the Coordinator of Student Advising at CMU to construct a program of studies at CMU that will achieve your objectives.

If you intend to earn the Bachelor of Laws at the University of Manitoba, you can begin your studies at CMU and complete the degree program at the University of Manitoba *without adding to the time it would take if you were to go directly to the University of Manitoba.*

To become eligible for admission to the Faculty of Law at the University of Manitoba, you must earn a *minimum* of sixty credit hours of university studies in any degree program. Applicants must also write the Law School Admission Test (LSAT). At CMU you could meet these requirements in a wide variety of ways and gain a unique preparation for a career in the legal profession. However, be aware that admission to law school is on a competitive basis and that you will need a strong grade point average.

**NOTE: Most students who apply to Law School have completed a baccalaureate degree.**

The following chart represents a sample first-year registration for students preparing for admission to law school. **There are many other possibilities for a first year registration.** CMU's Coordinator of Student Advising will be available to provide registration advising.

First Term	Second Term
